DESCRIPTION RVE.SOL is a rural mini-grid project developer and operator. We arguably run one of the longest standing community managed micro-grids in Kenya, inaugurated in Nov 2011. We plan to electrify 150 communities in Northern, Western, Coastal and Central Kenya over the next 5 years. In addition we are active in Mozambique and Tanzania where we have a portfolio of projects in development.

Our KUDURA solution address not only energy access but provides potable water and in some cases, biogas for cooking.
