Into construction.

BILATERAL MEETINGS

02.30 pm - 04.00 pm

DESCRIPTION Founded in 1992 initially as an Individual company, HOLDING GROUPE EOULEE has successively changed statute and finally became a corporation with Board of Directors composed of Ivorian local companies and a French Industrial. We specialized in the study and implementation of projects in the fields of environment, bio energy and civil engineering. Our headquarters are based in Abidjan, economic capital of Côte d'Ivoire. The company has initiated several programs in the areas of Solar Energy and bio energy both at the local and regional levels in West Africa. Among others, the Akouédo Landfill Rehabilitation and 8.5 MW Electricity Generation Project.
