Request

INCLUSIVE DEVELOPMENT

We're interested to meet partners with experience in setting up BOP businesses with effective inclusive approaches.

Idea

DISRUPTIVE BUSINESS MODELS

We're interested in exchange views on new disruptive business models taking advantage of key innovations in areas such as IoT, blockchain, drones, electric bikes, ...

Request

INNOVATIVE PEER-TO-PEER FINANCING SOLUTIONS

We're looking at attracting private micro-finance/crowdfunding to finance part of our development through a peer-to-peer platform with strong personal content. We're interested in meeting any solution provider to channel those investments.

Request

SMART LOW COST METERING SOLUTIONS

We are looking at smart metering solutions for our off-grid mini-grids.
